JBLS LED

OVERVIEW

The JBLS LED luminaire is a high-performance industrial vapour proof fitting. Commonly used in public buildings and underground parking areas in all sectors of the economy this robust, high lumen output linear fitting, can be supplied in a variety of lengths and wattages (28W to 90W)

to suit any application and providing flexibility in mounting heights. The luminaire is manufactured from compression moulded glass fibre reinforced polyester. and a polycarbonate lens. This versatile, robust IP65, IK08 luminaire with a

broad range of ambient operating temperatures and 2Kv surge protection, is ideal for use in any indoor application. A 6W emergency option with a 1-hour operating time can be supplied in an EM version luminaire.
